Hey Dad!!!! Happy 63rd Birthday!!!! I may only wish to make it to 63. I'm sitting here on July 31, 2025 smiling. I love you so much and only dream of you being here to share with you everything that's been going on. Every year I will post here to talk to you and reminisce. Farewell big fella. Until next time, take care of yourself and each other 🙏🙏

Hey Dad! It's your oldest daughter Mika. Tomorrow is your 62nd birthday!!! You getting up there big fella 😭 We miss you so so much. But I'm pretty sure you see that. 6 years.... It's been 6 years since you departed. Man does time fly by, but each day it becomes just a bit more manageable to deal with your absence. I love you soooo much. I often think of the times that I may have taken you for granted for whatever reason and wish that I can turn back the hands of time. But that's impossible and now we're here. You have taught me a multitude of things that I still carry with me today and I'm so grateful to have had you here for 56 years. All of your grandchildren are getting so big and they are SMART!!! When I say SMART I mean they are amazing. Yo baby mama 😊 Donna A.K.A My Mama is doing better. She is still the same loving woman. I figured I'd write you here so that we both can always look back and smile. Now I'm starting to feel like I'm writing a novel 😊😊 but it's a good read 😊 Anywho, you know yo daughter gone have your favorite "Mexican Water" A.K.A 1800 like we did for your birthday in 2018. Don't worry I'll pour you up a shot or 4. lol. I love you dearly and you will always remain in our hearts 🙏🙏🙏

Although you are not here with us in flesh , I know your spirit is with us all the time. I miss you so much dad, its still unbelievable. Even writing this doesn't seem real. I try not to think about it, but it so much that the brain can do as of acting for itself. I sometimes doubt this tragic and tell myself you're just on a vacation and will return someday. When reality hits me and my brain replay the altercation i break down. I cry hard tears of sadness , disbelief, shock, anger, why my dad? They say to never question God's doing but then again you cant help but to ask why. I think i would be at peace if my dad wasn't TAKEN away by another person. Maybe if it was from natural causes I will have more peace but no! That clearly isn't the case. Dad i want you to come visit me sometimes , even if you just show me your handsome face i would be satisfied. I don know how to live on the day to day basis without you crossing my mind. I'm trying my best for your "Granddaddy man" Ahmad Jr. We love and miss you extremely bad! See you later my fat man.Love , Your Babygirl Tracey.
