I had the pleasure of working with Anna at NOVA and she was a breath of a fresh air. She always had a smile on her face and was always positive. She adored her children and would always gleam from ear-to-ear with pride when she showed me pictures of them and shared with me their accomplishments.Words can't express the sorrow and grief that I feel for her family. To lose any human being is tragic, but to lose someone as exquisite as Anna is unfathomable, to say the least. I wish the entire family much healing and peace.

Anna was a loving mother who cared for her children. But she also cared for others. Anna would call me weekly to make sure that I was alright. We got to talk and say we loved one another on the Tuesday before her health failed her. She was truly a loving young woman whom I loved dearly. She will be missed by all who knew her. Love Always Grandma Jan

I wish to send positive vibes and comforting energy to Anna children, family and friends. I had the pleasure to be one of her coworkers from the beginning of her journey with Oak Park Schools. I have to say in her presence, you always saw a smile and heard her laugh even if things were not the best. She was pleasant, kind, giving, funny and loved children. I am thankful for the time that, I was blessed to know her and share space with her during our training sessions and calls to discuss work or plan for one of the work place events. It is important to KEEP the memories warm in your heart, the conversations available in your mind and understand, her earthly journey has come to an end however, we know her eternal journey has just begun. To be on this side of the earth and no longer be able to see her will be tough, to know she is forever with you in spirit will bring a level of understanding unseen today. May the assigned angels of peace and understanding connect with each and everyone touched by losing such a beautiful human being. Remember - we are ALL spirits having the human experience and it is well with her soul....Teresa (TT)
