Atasha Williams lit a candle in honor of ANGELITA.

Everyday is getting harder and harder. Looking at post on FB from last year memories saying that you may have a lot of pain and suffering but your sisters Alicia Summers and Atasha Williams always got your back and check on you. Damn sis we miss you so much. The calling and everything everyday. One thing will always remain the same we still got your back. Your kids will forever be taken care of and loved unconditionally. R.i.p. Love u Always and Forever

This is still hard for me to believe. Wow, looking at your picture, I can hear you now going off on me for nothing lol; this is one of the hardest things I ever had to write to someone I loved. :(Looking at your picture and not seeing you talking junk on FB is still hard for me to adapt. Ever since we were kids, we would start an argument on-site over who got the biggest head or looking like what happened to you. I miss you dearly, and I'm happy we told each other we love each other before we hung up the phone :(Our Joyrd childhood/adult memories will last forever, and so will your loving spirit. Remember we told each other not too ever say goodbye it always sees you later until the next time. Love you, family, and I'll see you later. And tell Momma Whutupdoe too for me.
