My Friend.... My Sister... The last time we talked was Thanksgiving. You expressed how excited you were. I didn't know that would be our last conversation. Lynn I didn't know You we're gone until moments ago. We talked about a lot of fun times and sad times Your favorite word was "Girlfriend"!!!! I had been trying to reach you for weeks and the phone would not connect. Now I know why. You are Loved and Tremendously missed no more worries and no more pain. Safely back in the arms of your mama, daddy aunt Essie Mae and Our heavenly Father. I will always remember your laughter and your joy. Love Gina Winston

Growing up Dorthy (known by her middle name Lynn) was considered the other little sister to me until I went away to the Military. Although we are three years apart she always tried to do what I could do. Nevertheless, she made me fill like the big sister I always wanted to be. And although, over the years as we grew apart, she still remained a special part of my life. Cousin Lynn, you will truly be missed.Pastor Dr. Torri Evans

I grew up with Lynn, living right behind us, we were always over her house or she would be over our house. We always had fun together, walking to and from Walter White Elementary River Rouge High School together. I have a lot of fond memories of her. R.i.h. friend. We are praying for the family.
