Well here i am writing with a heavy heart. I remember everything you put me up on baby d u put so much knowledge out here to so many people on this earth its insane and we all love u for that nd your unconditional love you would never close the door on us and im forever grateful for that. Look over baby jordan and our family for me lord knows he was just asking to call you to let you know he made it to the championship. Sister sister ❤️😭❤️😭👉My baby!❤️First and foremost I Thank God for you! It has been a honor to be your little sister. You taught me how to fight, how to hustle, how to stand on 10. You taught me how to sweep when I became a Mother because I didn't have to do chores growing up. ☐From walking me to school and stores to combing my hair and teaching me how to comb my own hair. You were more than a sister, you were my protector in this world. We knew that 1 day this day would come, Yet I'll say Gone to Soon. You'll never suffer in pain again My angel 🙏Tea I love you so much! It's forever You!💜I'll NEVER say goodbye! I'll see you again! Give Mom,Dad,Dwayne and Michael a hug for meGod it hurts so deep 😭

❤️ Rest in Power, Auntie T ❤️ Some people are born with fire in their soul — Auntie T was one of them. She didn't just live life, she fought through it — unbreakable, unapologetic, and real to the bone. She was gangsta in the most beautiful way — the kind of gangsta that meant standing on truth, protecting her people, and never letting life see her sweat. Auntie taught us survival before we even knew what struggle meant. She showed us how to stand ten toes down — solid, unshaken, no matter who or what tried to knock us off balance. When the world got cold, she stayed warm with love and loyalty that ran deeper than blood. When others gave up, she dug in and showed us what resilience looked like. She helped raise me — not just by watching over me, but by building me. Every piece of strength I have, every ounce of discipline, every bit of that “no excuses” mindset... that's her legacy living through me. She helped turn a boy into a man — one who stands tall, who works hard, who never forgets where he came from. Auntie you loved with a fierce kind of love — the kind that could heal you and humble you all in the same breath. She didn't need to say much; her presence spoke volumes. She was the backbone, the protector, the realest one in the room. Now she's gone, but her spirit? Her spirit is still here — in our laughter, in our strength, in the way we carry ourselves. She lives in every lesson she left behind, in every heart she touched, in every soul that refuses to give up. Rest easy, Auntie. You were, and always will be, our foundation. Your love built us. Tell Granny Uncle Mike and my Dad we love them down here it's forever US vs EVERYBODY!! Your strength raised us. And your legacy will never fade. 🙏🌈
