I'm going to miss you beyond words Mrs. Monica we shared a special bond down through the years. You were always there for me with a word of wisdom, and a prayer always telling me Trust in the Lord. You always gave me the best advice and did the best you could to help me and my family in any way you could. I'm so grateful to have had a friend like you in my life. I reflect on Friday Jan 3rd when you called me from the hospital we had laughs and a great conversation. I didn't know it would be our last. I thank God for that day because we never ended our calls without those 3 special words "I love you" I will hold that last conversation near to my heart forever. To the Washington family you have my deepest condolences and prayers at this difficult time. Rest in Paradise and like we discussed many times I will keep "The Promise" 🌹 Mr. and Mrs. Day

Monica, No matter, in what form of thinking about my childhood, would you not be apart of it, we were best friends growing up, just because you live across the street from someone, does not make it an automatic fact that you would become friend, nor best friends, but it happened for us, we just clicked, and it was so easy, you and your family embraced me, wrapped me up with love, words can't express, not as an adult what that means, thinking of you at this moment, filled with love for my 1st real friendship, I feel nothing but gratitude. I love you sister, you will be missed, but always in my heart. Love Celeste aka Fudge Pudding
